Your guide to
Moving Home

Why do more sellers throughout Perthshire use PSPC marketing than any other agency?

The answer is clear. There is no better way of reaching the widest number of potential buyers, locally and nationally, than through the various advertising methods available exclusively through PSPC and its member agencies.

And because buyers know that they will find a bigger selection of property at PSPC than through any other single agency buyers make PSPC the ideal starting point in their search for a new property.

Why is the PSPC advertising package so successful and how does it work?

The Centre

PSPC's stylish city centre premises provide a showroom for more local property than can be found anywhere else. Buyers can browse, obtain schedules and advice on the local market in comfortable and friendly surroundings.

The Property Guide

The most comprehensive Guide to Perthshire property. Thousands of copies of the Guide are distributed free every week through supermarkets, banks, building societies, local shops and all other Scottish Solicitors Property Centres.

www.pspc.co.uk

The web site of choice for potential buyers seeking a property in Perthshire. The site offers many facilities to present properties for sale in an effective and useful way, including map based provision of location and local services and facilities.

For buyers there are numerous ways of searching for the right property and the matchmaker service ensures buyers are automatically notified immediately when a suitable new property comes on the market.

www.zoopla.com

At PSPC we know that the majority of house buyers already live locally, but we want to make sure we are reaching ALL possible buyers. So we have joined forces with zoopla.com, one of the UK's most powerful and effective property websites to ensure that all PSPC properties are seen by the maximum number of people. We believe zoopla.com is the best way to ensure buyers further afield see our properties, as zoopla also provides the property details for msn, Virgin media, Yahoo, Sky, Tiscali, and many more.

And all of this is available for a single modest registration fee, not much dearer than one week's press advertising, payment of which can be deferred (subject to a small surcharge) until the property is sold.

Remember:-

Only a solicitor estate agency can advertise your property through PSPC

Other estate agencies cannot provide this fantastic advertising package

Only your solicitor can guide you through every stage of your sale or purchase

PSPC is Perthshire's most successful property agency. In Perthshire, PSPC markets more property than any other agency.
